

Mark - Easy Bind 75 is automation to the conventional manual case making process. Easy bind 75 ensures high productivity, superior & uniform case quality throughout the job run. It is redefining case making process in post press. Easy Bind is designed and developed with special concern on higher productivity, simple operation, large variety of jobs, ease of maintenance & most suitable size for binding.

Applications : Case making for hard bound books, diaries, files, registers, notebooks, calendars, clip boards etc. Back to back pasting & pressing for duplex boards, pharmaceutical catalogs and other packaging items.

Semi Automatic Case Maker

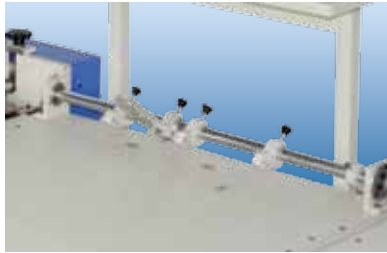

Model : EB 75

Salient Features

- Automatic glue tank temperature control with auto cut off for optimum power use
- Sheet counter
- Uniform thickness of glue layer on title sheet with easy adjust control
- Easy mounting & dismounting of glue tank
- Multiple glue tank for different glue (optional)
- Precise title and Spine (board) gauging unit up to 4 spines
- Easy and rapidly adjustable gauging system
- Vacuum table and vacuum blower for easy handling of thin sheets
- Short make ready time (Approx. 20 mins for hot glue, immediate for cold glue)
- Less than 5 minutes for size changes
- PLC program cycle for case making and back to back pasting
- Dual speed for turning system, fast and medium speed cycles
- Long lasting, high quality PU conveyor belt
- Roller turning device for thin board (optional)

Control Panel With Digital Counter & Heater Display

Pneumatically Operated Board Gauges For High Production

Replaceable Brush Turning System For Thin And Thick Boards

100 Micron Thick Hard Chrome Plated Roller/ SS Rollers (Optional)

TECHNICAL DATA (mm)	EB 75	EB 105
Min. case size	150 x 150 mm	150 x 150 mm
Max. case size	750 x 750 mm	1000 x 1000 mm
Paper thickness	70 gsm To 170 gsm	70 gsm To 170 gsm
Board thickness	0.5 mm To 5 mm	0.5 mm To 5 mm
Turning in width	15 mm To 25 mm	15 mm To 25 mm
Speed*	300 cases / Hr	300 cases / Hr
Glue type	Hot / Cold	Hot / Cold
Power	3.5 HP for 4 motors, 3 kW for heater	3.5 HP for 4 motors, 4 kW for heater
Dimension	1200 mm (W) x 3600 mm (L) x 1500 mm (H) Approx.	1500 mm (W) x 3600 mm (L) 1500 mm (H) Approx.
Materials	Paper, laminated paper, plastic coated paper, clothe etc.	

* Depending upon specific conditions

* Size will vary with the sheet size and optional attachments
